1893 THE SILVER PLATFORM

The silver wing of the Republi can State Convention unanimously adopted the ' il wing platform: The correction endersos and adopts the platform of the Republicas State Convention, held at Va city on the 30 of April last, as fol-

Resolved, That we condemn the Republican party of the Eastern states and the atimini-tration of President Harrison, insofar as they have fall d to ac omplish the complete remone ization of silver, and to east laws providing for the free and unrestricted coinage of that metal.

Resolved, That the restoration of silver to the place it compied previous to the passage of the Mint Act of 1873, is essential to the prosperity of the country and paramount to all other politica! considerations The legislation w ich robbed silver of its money functions and denied to the owner of sliver buillon the right to have the same coined into money upon the some terms and conditions which apply to the c inage of gold, demption or ayment, about onehalf, and enabled the owners of money and obligations payable in money to monopolize the coin of the commercial world.

Resolved, That the people of Nevada are in favor of the coinage of silver upon the same conditions which apply to the coinage of gold, and they are opposed to elevating any person to office who is not known to be unequivocally inf ver of opening the Mints of the United States to the free and unlimited coinage of silver.

In view of the unsati-factory attitude of President Harrison to the paramount issue of the remonetization of silver, t is convention will make no neminations for Presidential electors and the State Central Committee to be appointed by this Convention shall have no au-CARSON HAY YARD, thority to put in nomination elec-

The Convention cordially endorses the vigo was efforts of our Senators and Representatives to secure the free and unlimited coinage of silver, and the educational work that they have done in presenting the true is ue between the money powers and the bondholders and laborers and producers of Wealth

And we fav r the continuation of agitation and contention for the free and up mited coinage of allver at the present ratio of 16 to 1, for their own benefit and for the benefit of the people at large miners, farmers, laborers and mechanics.

The citizens of Nevada, representatives of the various silver lengues. irrespective of past party affiliations, in convention assembled, do set f rth the following declaration of principles:

First. We demand the full remonetizatian of silver and the free and unlimited coinage thereof, at the present ratio of 16 to 1,

Second. We are radically and unalterably opposed to the Nationa Republic a and D-mocratic parties on the question of the tree ceinage of silver and we denounce the action of their recent national conventions as inimical to the material interests of the people of the United States, and especially to those of Nevada and all the other mining st tes and territories, and we therefore repuliate the nominees of their convention.

Third. We pledge the nominees of this convention for Presidential electors to support no man for President or Vice-President of the United States who is not unequivocally in favor of free coinage as dell ed by this convention. We reseave to the silver leagues of Nevada, in Convention as-embled, the right of directing said Presidential electors for whom to cast their votes, should contingencies GEO. S NIXON. require.
